

WASHERS & DRYERS

Wansa Washers & Dryers

Conserve Water & Save!

Wansa washers use state-of-the-art technology that limits the amount of water & thereby the amount of detergents used in each wash cycle. That's three advantages in one! – Conserve water, save the environment & save money on unnecessary water & detergent bills.

Power Savings

Wansa energy efficient motors used in washing machines ensures that there is always enough power to wash your clothes thoroughly, but never excessive power to cause expensive electricity bills!

Rugged Engineering

Wansa washing machines have been stress tested for durability. The robust build & the use of modern-day technology materials ensure that the Wansa machines are built for heavy duty domestic work while ensuring that each wash remains like the first wash

Washer User Tips

- Washing & drying clothes at lower temperatures reduces fabric damage caused by high heat & excessive detergent use.
- Washing machines are designed to be used on solid flooring, like concrete. Severe internal suspension damages can occur if used on unstable flooring.
- Always consult the washing label on your clothes to ensure that you use the right setting, not only does this prevent damage to your clothes, but it also saves the environment.
- Set the wash & rinse temperature dials on your washer. Add your clothes last! Be sure not to overload your washing machine. Leaving space for your clothing & detergent to move freely during the wash cycle ensures that stains & soil will be released & removed from your garments.

Front Load Washer
Article No: 90423

XQG50-602

- Spin Speed 600rpm
- Double Damping Shock Absorbers
- Thermostat

Front Load Washer
Article No: 97783

WWA71081

- 230V
- Cold Water Fill
- Carbotech Tub
- Stainless Steel Drum
- Galvanized & Painted Steel Body
- 15 Wash Cycles
- Special Wool Program
- Glass Door with Safety Lock

Twin Tub Washer
Article No: 95185

TW70-198

- Two Layer Plastic Body
- Energy Saving Design
- Lint Filter
- Movable Wash Cover

Twin Tub Washer
Article No: 98717

TW60-801

- 500W
- ABS Control Panel
- ABS Wash Lid
- Lint Filter & Water Inlet Hose Included

Baby Washer
Article No: 103555

WBW-2010-BLK-C.2

- 220-240V
- Plug Type: 3 pin
- Washer Timer: 15min
- Available Colour: Black
- Water Inlet Hose Included

Baby Washer
Article No: 103556

WBW-2510-GRN-C.2

- 220-240V
- Plug Type: 3 pin
- Washer Timer: 15min
- Available Colour: Green
- Water Inlet Hose Included

Need Options?

Wansa has a wide range of washers to choose from, get spoilt for choice!

Single Tub Washer
Article No: 103557

WST-3520-WHT-C.2

- 220-240V
- Plug Type: 3 pin
- Washer Timer: 15min
- Lint Filter Included
- Available Colour: White
- Water Inlet Hose Included

Twin Tub Washer
Article No: 103558

WTT-6530-WHT-C.2

- 220-240V
- Plug Type: 3 pin
- Washer Timer: 15min
- Spin Timer: 5min
- Lint Filter Included
- Available Colour: White
- Water Inlet Hose Included
- Inner Lid for Draining Tub Included

Twin Tub Washer

Article No: 103559

WTT-8030-WHT-C.2

- 220-240V
